NOVA SCOTIA GOVERNMENT SERIAL PUBLICATIONS 1986 100

INDEX 102

PREFACE

This edition of the **Publications of the Province of Nova Scotia** is the twentieth to be published since it was first issued in 1968. During this period, there has been a steady increase in government publishing within the province, reflecting the broad range of interest and concerns of the Nova Scotia government.

As the depository for Nova Scotia government publications, the Nova Scotia Legislative Library is responsible for collecting all the published output of provincial government departments, agencies and crown corporations. These publications form the basis of this annual listing.

For the purpose of the **Checklist**, the term "publications" includes all those items of information value which are available for public distribution. They include pamphlets, brochures, flyers as well as reports, studies, books and periodicals. However, internal or confidential reports are not listed. And, because of space consideration, posters, press releases and wall maps have also been excluded.

This listing of government publications is divided into two main categories: official and departmental publications. Official publications, consisting of gazettes, bills, statutes and regulations, debates, journals and other publications of the House of Assembly, occupy the first portion. Departmental publications are then arranged under the name of the issuing department, independent board or commission. In most cases, government agencies are listed under the departments to which they report.

Nova Scotia government publications are available for consultation at the Legislative Library. Priced publications are also available for purchase through the Nova Scotia Government Services Bookstore, One Government Place, 1700 Granville Street, Box 637, Halifax, Nova Scotia, B3J 2T3, telephone (902) 424-7580. Otherwise, requests for items may be directed to the issuing department or agency.
